**RE: Request for 2025 Guideline Test Package**

**Date Requested:** \_\_\_\_\_

Instructor Name Requesting: \_\_\_\_\_

Discipline Requesting:

BLS: \_\_\_\_\_      Heartsaver (optional): \_\_\_\_\_

ACLS: \_\_\_\_\_      PALS: \_\_\_\_\_

Upon receipt of the test, it is the instructor's responsibility to ensure the security of the test. The test is required to be distributed and collected at each class taught. If the test becomes unusable, it is the instructor's responsibility to destroy the test in a manner that the test cannot be replicated. Tests cannot be posted on any web-based platform or learning management system for any reason.

The requested test is the responsibility of the instructor and cannot be shared or redistributed to other instructors or participants.

Training Sites are able to share with instructors in their organization and are responsible for the security of all tests used by Training Site Instructors.

Failure to comply with the above-mentioned requirements will result in disciplinary action from the Training Center and the American Heart Association ECC Committee. This may include loss of instructor status and/or monetary fines.

Thank you for taking the time to be part of American Heart Association Emergency Cardiovascular Care Instructor Network. Please feel free to contact us with any questions or concerns.
