Dear PALS Provider Course Participant,

Thank you for registering for a PALS Provider Course with CPR Consultants, Inc.

The American Heart Association (AHA) PALS Provider Course is designed to equip healthcare professionals with the knowledge and skills necessary to function effectively as both team members and team leaders during pediatric emergencies in both in-hospital and out-of-hospital settings. Because this course covers a significant amount of material in a limited timeframe, advance preparation is essential for your success.

Course Attendance

Please arrive on time. Instruction begins promptly at the scheduled start time. Participants who arrive more than **15 minutes late** will be required to reschedule for a future course. Attendance and active participation throughout the entire course are required for successful course completion.

Required Course Materials

The **2025 AHA PALS Provider Manual** is strongly recommended for this course. The manual will assist you in preparing for class and may be used as a reference during the pre-course assessment and written examination.

If you did not purchase a manual during registration, you may do so using the following link: [2025 PALS Provider Manual](#)

Required Precourse Self-Assessment

Completion of the **AHA ACLS Precourse Self-Assessment** is required before attending class.

Visit: <https://elearning.heart.org/>

1. Sign in to your existing account or create a new account.
2. Search for **PALS Precourse** or enter course code **KJ-1934**.
3. Complete the PALS Precourse Self-Assessment.
4. Bring a printed copy of your score report or completion certificate to class.

Course Preparation Checklist

Before your scheduled course, please:

- Review the **2025 AHA PALS Provider Manual**.
- Review the current Child and Infant BLS Guidelines.
- Complete the required PALS Precourse Self-Assessment.
- Bring your printed score report or completion certificate to class.

We appreciate your choice of **CPR Consultants, Inc.** as your American Heart Association Training Center. We look forward to helping you strengthen your advanced cardiovascular life support knowledge and skills.

We look forward to seeing you in class.

Sincerely,

CPR Consultants, Inc.
